**PHIL WIEBE, Editor**

I trust that this yearbook will be a source of enjoyment in the years hence to all of you who attended our high school this past year.

Editing a yearbook is a responsibility. We hope that this yearbook will have successfully portrayed the life of the school.

Yours truly,

**PHIL WIEBE**

# INSPECTOR'S MESSAGE

**MR. J. CHALATURNYK, Inspector of Schools**

This is the time of the year when students become very TIME conscious. TIME marches on — it waits for no one. It IS a paramount factor in every individual's life. And LIFE seems to be a series of adjustments which must take due cognizance of TIME. May I suggest that you in your quest for life's share of success and happiness take TIME for the following:

Take time to WORK — it is the price of success.

Take time to THINK — it is the source of power.

Take time to PLAY — it is the secret of youth.

Take time to READ — it is the foundation of knowledge.

Take time to WORSHIP — it is the highway of reverence and washes the dust of the earth from our eyes.

Take time to HELP and ENJOY FRIENDS — it is the source of happiness.

Take time to LOVE — it is the sacrament of life.

Take time to DREAM — it hitches the soul to the stars.

Take time to LAUGH — it is the singing that helps with life's loads.

Take time to PLAN — it is the secret of being able to have time to take time for the first nine things.

And, what is more, "To thine ownself be true." Nothing succeeds like success and nothing gives one greater satisfaction. Be ready to accept challenge with an open mind. Don't be satisfied with anything but the best from yourself and the best will be yours. May God in His Greatness grant you the wisdom and courage to recognize and abide by those principles which are of the greatest worth.

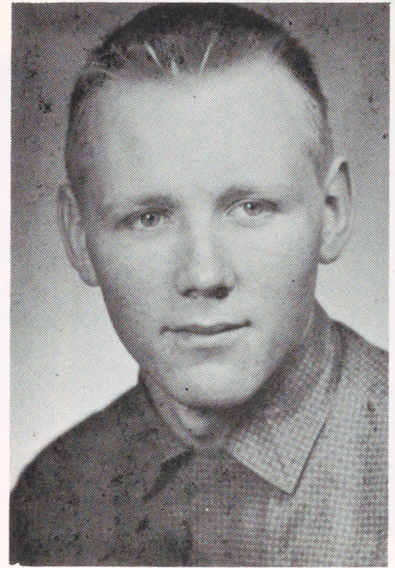

Sincerely,

A handwritten signature in cursive script that reads "John Chalaturnyk".

John Chalaturnyk

# PRESIDENT'S MESSAGE

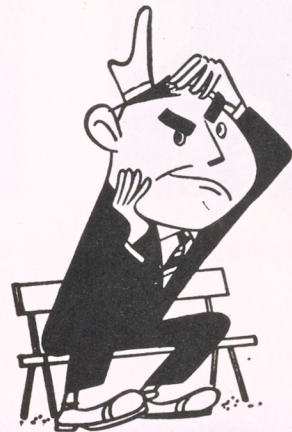

PAT MARTENS, President

Since its construction a decade ago, this year has been the school's most successful. The great increase in the number of students to nearly three hundred has made the jobs of the staff and the Student Council greater and more complex. Our annual Magazine Drive and the drama, under the direction of Mr. Paul A. Sigurdson, constituted our two vast money-making schemes and along with our successful school dances, has made M.C.I. quite financially stable. In all the sports of the Collegiate our teams have excelled. They reached the play-offs in football, basketball, volleyball, and have captured several trophies in curling. Thanks to the untiring efforts of Mr. Winter, our sports program is quite extensive and in the years to come, the name of Morden Collegiate will be dominating the basketball courts as it is dominating the curling. But the noticeable change this year is in the students. School spirit has risen sharply and because of our teams relative successes, we can now boast of our Collegiate. This change can be traced to the principal and to the Student Council.

This year we have many teachers and students who have been very unselfish with their time and because of them, this year was made not only successful, but also memorable.

The progress of 1963 shall be the goal for other future student councils. Because of word and space restriction, I must close, but before I do, I must apologize for not getting the students the swimming pool that I promised.

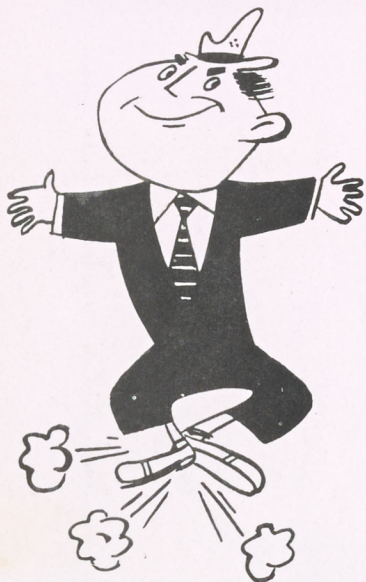

# F A C U

**MR. K. COOPER, Principal**

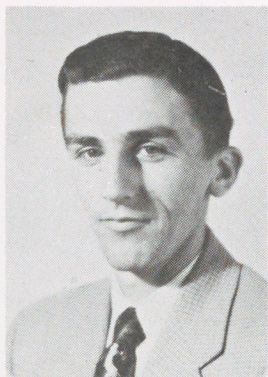

First of all, let me thank you for the opportunity to speak to you through your yearbook. I want to congratulate your yearbook staff for a job well done.

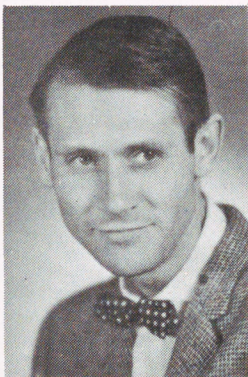

I hope that whatever progress we have made in the Collegiate this year is an indication that we may go on to even better things. We live in an upset world whose future seems undecided and disturbing. Nevertheless, despite all the complaints we could make, despite all the dangers that we face, it is our world — we're "stuck with it." It will never improve until we all struggle with ourselves and our society to make something more worthwhile out of it.

My thanks to you students and to the staff for the co-operation I have received this year and my very best wishes for the future!

J. Keith Cooper

## **SAM ANDREW**

Sam comes from Thornhill and has attended M.C.I. for three years. He adds life to the class by constantly teasing his neighbours (especially those directly across from him). Besides being the president of our class he is a member of the basketball and football teams and an enthusiastic curler. This year he was on the rink which represented this zone at Carman. Next year will find Sam in the University of Manitoba.

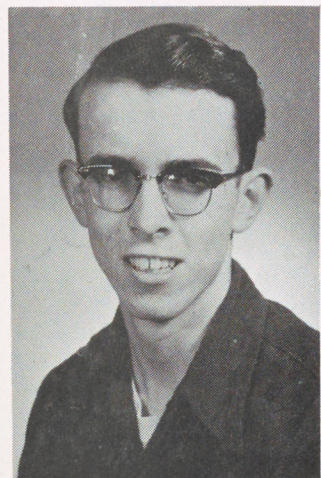

## **ABE BORN**

Abe is a short-tempered person who sits in the back corner of the room and annoys David and Bernard. His fondness for books, snooker, and peppermint is well known. He is a favorite target for chalk, perhaps because of his ability at cramming a number of insults into a few moments. His pastime seems to be collecting any pens which seem unattached and has run up a total of 19 at present. His pet ambition is to travel around the world.

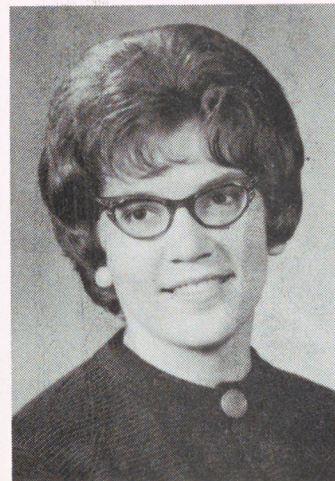

## **JAMES CRAM**

Jim is one of the many in Grade XII who are blessed with the first name of James. He claims that his favorite subject is History but even that he does at the last moment. He spends most of his spare time teaching the rest of Grade XII how to do their homework. He frequently joins in on the many chalk fights during the breaks. Rumor has it that he will attend the University of Manitoba next year.

## **DOROTHY BROWN**

Dorothy is one of the many who come from south of town. However she stays in town and strangely enough she is always absent when Mavis is. She is a member of the I.S.C.F. executive and manages to find time to play the piano. Her favourite subject is German (????). Dorothy's future is undecided.

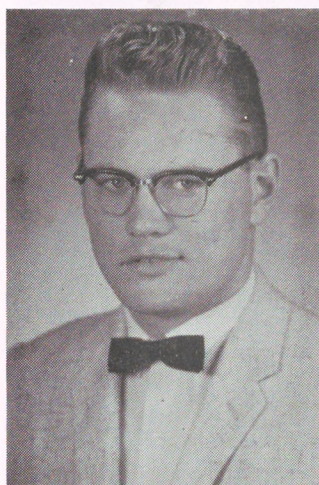

#### **CAROL DYCK**

Carol is the "Baby" of the Grade XIII class. She joined us from Winkler this year and has been a great asset to our sports program. Active in both volleyball and basketball, she is at present high scorer for Morden's team. She spends the majority of school time gossiping with Gladys and eating Bev's candy. Carol hopes to enter nurses training next year and we are sure she will make a pretty one.

#### **EDITH FRIESEN**

Edith is another who is from south of town but boards in Morden with her sister. Who supervises who is uncertain. Bothering Mavis is her favorite pastime, it seems, especially during Chemistry period. Lately she has become known as the "flitty flighty Lydia" possibly because of her play part. Her main ambition is to pass her History.

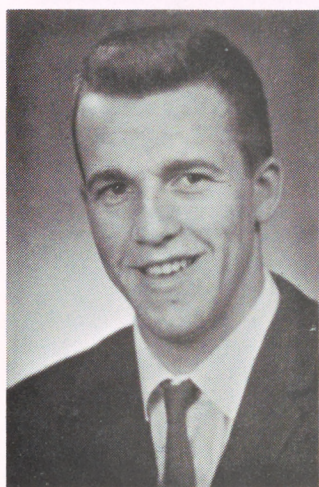

#### **JOHN FRIESEN**

John is the outdoorsman of the class. He spends most of his spare time hunting and fishing. He can frequently be seen riding around town at noon in his "bomb". His favorite subject is English, perhaps that's why he is taking it for the second time. He hopes to finish Grade 12 this year and enter teacher's college next year.

#### **KEN FRIESEN**

Ken sits in the back of the room and rarely is quiet. He takes great delight in bothering Beverly and can often be seen wrestling with Minus. We frequently find him day-dreaming Monday morning. We wonder why? "Baby's cheek or baby's chin, where can the dimple be?" His chief dislikes are German and — anyone eating his lunch. As to the future Ken is undecided; his ambitions frequently change.

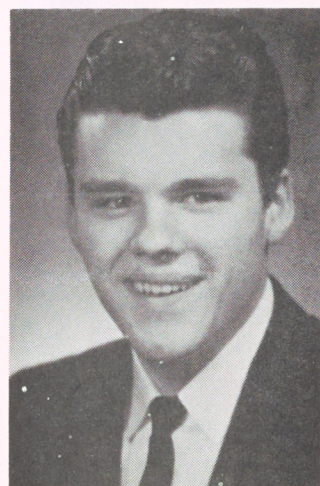

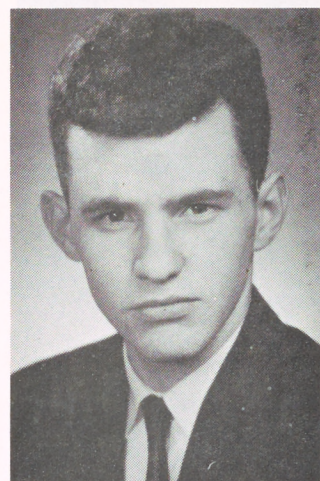

#### **JAMES GIESBRECHT**

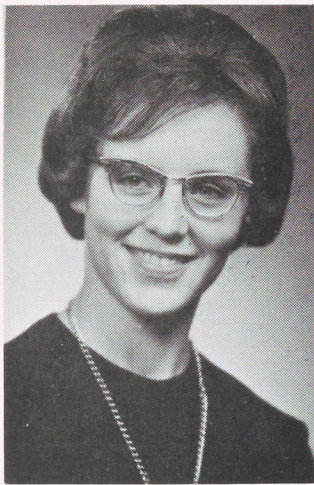

Moose is tall and lanky and spends most of his time playing football, basketball, hockey, curling, volleyball, etc. This probably explains his position as head of the sports committee this year. His interests are sports of all types, collecting other people's pens and pencils, and throwing chalk. He continually makes casual remarks in Physics period and we wonder if the hall is his favourite place. At present his ambition is undecided.

#### **ROBERT GILLIS**

Dobie is one of the few quiet people in our class — that is, until the teacher leaves the classroom. Then he is quite often seen creating an uproar in the back right hand corner of the room. He is a sports enthusiast, enjoying such athletics as football, basketball, and curling. He is often heard saying "I didn't get that one, either." At present his main ambition is to get through Grade XII Physics.

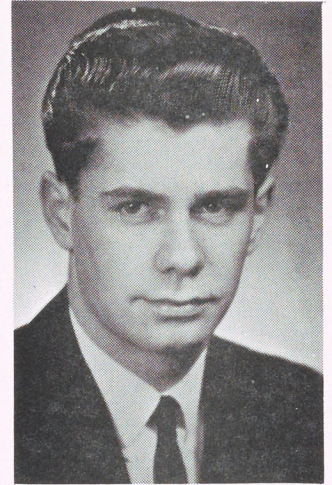

#### **EILEEN HANDFORD**

Eileen has been appropriately named the "Thornhill Terror" for her abilities as a rough volleyball player. She is also a very enthusiastic and diligent curler. In the classroom this cheery miss is also known as an affable chalk ducker. Although Eileen is now a resident of Thornhill she originated from Snowflake. Due to her great interest in Physical Education she has decided to take a course of the same at the University of Manitoba.

#### **WALDO KLASSEN**

Waldo is a meticulous handsome lad with a great yen for the opposite sex. Somehow, no matter how late he stays out he always has his homework done the next day. What he does till late at night is known to a very few friends. He has been active in ISCF throughout the year and intends to go to teachers college next year.

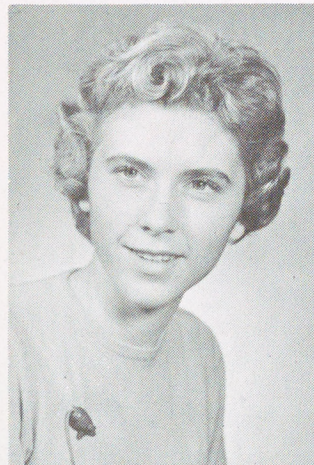

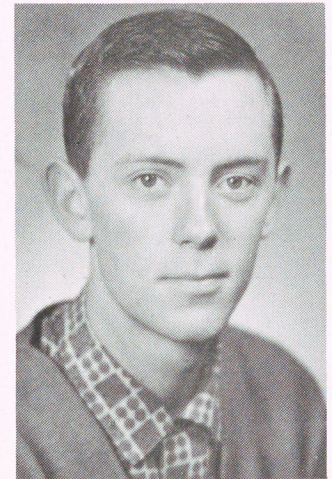

#### **JEAN LUMGAIR**

Jean is vice-president of the Student Council, member of the girls' basketball team and takes part in all the school activities. In spite of all these she always gets her homework done. Every morning Jean's friendly smile greets us and consequently she is one of the best-liked girls in the Grade XII class. At present her main ambition is to complete grade XII and she hopes to further her education at the University of Manitoba.

#### **DON MINTY**

Don spends most of his time in the back of the room. He has a great delight in taking other people's things and hiding them. Curling seems to be his specialty; he is drawmaster for our intermural schedule, he attended the High School Bonspiel in Winnipeg, and played third on the rink that represented this zone at Carman. His favourite class is French where he hopes to create an uproar. At present his ambition is to graduate from high school.

#### **RONEE MORDEN**

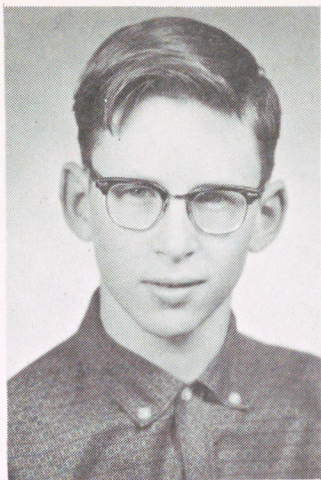

Ronee is the happy-go-lucky type of girl who never gets her homework done. During the basketball season she always manages to get to school on time perhaps because of those morning practices. Her action on the court has earned her the nickname "The Blond Bombshell". Her favourite saying is "Ah, shut up". She spends most of the morning helping Beverly eat someone else's lunch. Her main objective is to graduate from High School.

#### **DIANE PEARCE**

Although Diane is the smallest girl in Grade Twelve, she has an exacting task as treasurer of the Student Council. She fills this office with endless enthusiasm and patience. Her spare time is spent curling and cheerleading, in both of which she excels. At present Diane's future is undecided.

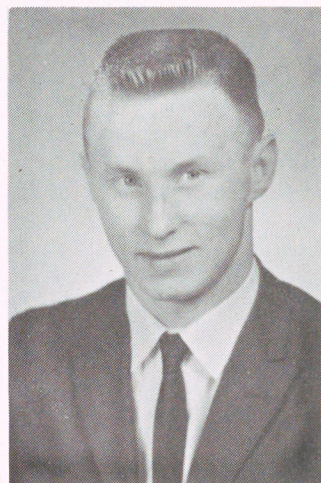

#### DAVID PUTT

David's life story goes all over Canada and even into Chile. He loves to insult people in Spanish and then refuse a translation. He holds down a seat in the back corner of the room, where the atmosphere is always quiet and studious (???) due to his influence. His hobby is model airplanes which probably explains his interest in attending university next year.

#### JANET REIMER

This friendly girl occupies a seat in the far side of the room directly in front of Elaine. Therefore it is not unusual that they are constantly seen together. Her interests vary from sports (volleyball) to Winkler (???). Towards the end of the week her favorite saying is "How do you do this History?" Though she won't tell us her ambition she seems to have a strong attraction toward stenography.

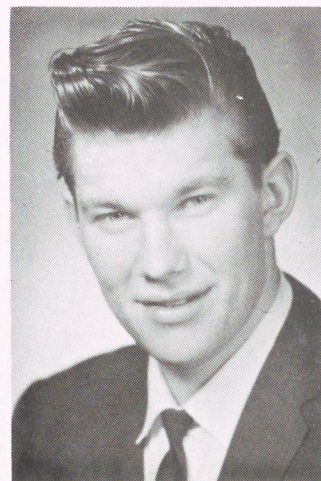

#### JAMES ROTHENBURGER

"Minus" is another of the quiet guys — until the teacher leaves the room. Then, his corner of the room rapidly fills up with chalk and anything else that happens to come flying through the air. He spends the majority of his time curling, bothering Jim C., and wrestling with Ken. Jim boast of having the shortest brushcut in Morden Collegiate. At present his future is undecided.

#### MAVIS SHELLENBERG

Mavis is the petite and lively girl in our class who has plenty of imagination. She has been very active in all the play productions and this year played the part of Lady Catherine. Her favourite pastime is sleeping. Her favourite subject is Grade XI History and favourite class is French. If she is asked what her future plans are she only shrugs her shoulders or gives a different answer than before.

#### ERNEST SKUBOVIOUS

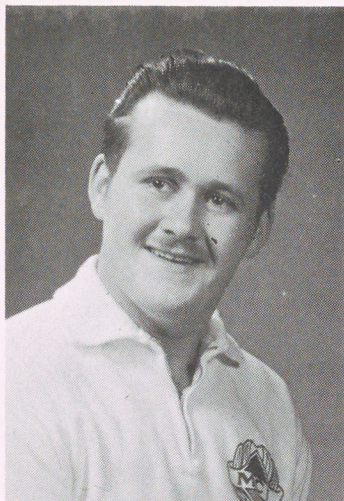

Every morning about 10:00 Ernie can be seen entering M.C.I. He spends the majority of his school time drawing portraits of the girls. Since he is one of the few artistic people in school he is on the yearbook committee this year. Every morning he can be heard saying "Who took my chair this time?" Although he is the quiet type, he can easily make Miss Hanuschuk blush. At present Ernie is concentrating on passing German and Physics.

#### GLADYS STRAUSS

Gladys joined us from Yorkton, Sask., and immediately made her presence known by being elected to the Student Council as Girls' Sports Rep. She is a member of the girls' basketball and volleyball teams and is a very efficient referee at the boys' games at noon (???). She spends the majority of the school time eating Carol's lunch and telling Ronee to comb her hair. Her favorite pastime is sleeping in French period. Gladys' future is undecided; her ambitions change as frequently as the weather.

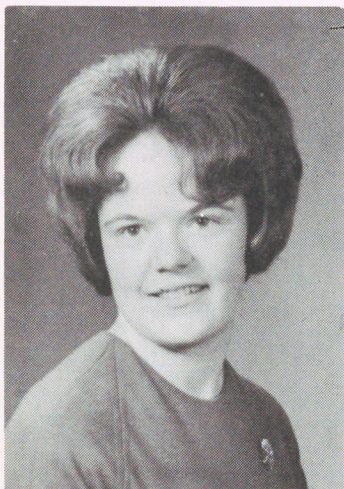

#### **BERNARD SWAN**

Bernard comes to us from Regina. He is proud of his green '52 Ford and his brown '62 mustache. His biggest problem is running out of cigarettes and money in the middle of the week. His ambition is to be a Mountie. If he's not at home in the evening you'll probably find him under his car at the Pembina Esso.

#### **BEVERLY TITCHKOSKY**

Bev is the life of the class. There is never a dull moment when she's around. She always is there when those important odd jobs have to be done (like eating someone's lunch??) and never refuses her help when a friend is in need. In the years to come we are sure Bev will make a very competent lab. technician.

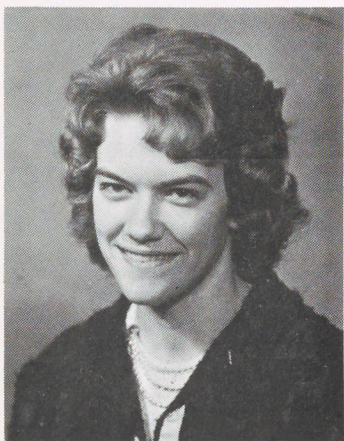

#### **FLORENCE TOEWS**

Floss is one of the few people who is completely on her own (her parents live in Oregon). She is a member of the Winkler band and thus in any of her spare time she can be seen driving east in a '51 Ford. We wonder if band practice is the only excuse? Florence spends the majority of her time trying to do German. When she graduates from high school she hopes to enter nurse's training.

#### **ELAINE WALL**

Elaine is another import from Saskatchewan. She is a girl of many talents as is seen by her sketches of the teachers, her part as Miss Bingley in the play, and her mysterious letter writing to B.C. We are told that she anxiously awaited April. At present her ambition is to get her hair cut.

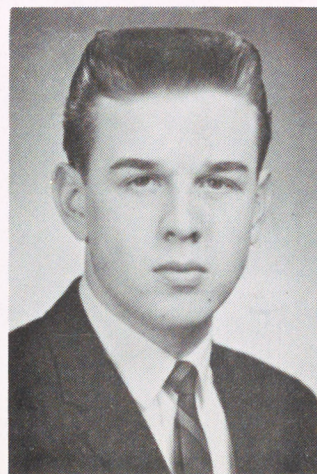

#### **PEARL WIEBE**

She came from Alberta to Morden in the middle of the year. We wonder why?? She enjoys singing (commercial and otherwise) during her spares with Dorothy. She will be with the Collegiate for one more year since she's taking it easy this year.

#### **PHILIP WIEBE**

Phil is an executive type, it seems. He is president of the Chemistry Club, president of the ISCF, and Editor of the Yearbook. He intends to be a research scientist (if) once he gets through University. He is fond of reading and chess.

# XII b

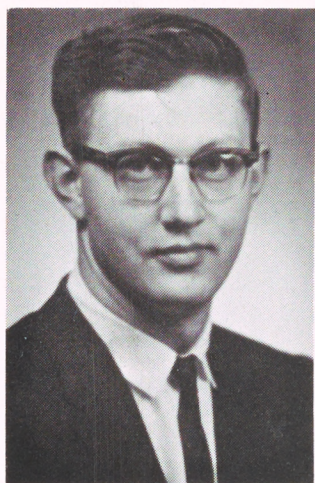

## LYNN BENDINGER

Lynn is a good student who never seems to have homework. Those German classes certainly come in handy! She divides her time between a certain individual and other less important activities such as sewing, reading and playing the accordion. To everyone Lynn is known as a perpetually happy person. With a reason of course! Her ambition is to become a lab technician.

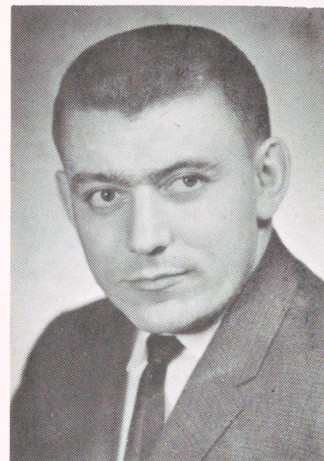

## HAROLD BOLLENBACH

Harold likes school this year chiefly because he spends most of his time in XIA (all girls). He does his homework rather conscientiously most of the time and particularly likes Maths. He plays an active part on the Yearbook Committee and enjoys curling, football and arguing with Mr. Sigurdson. He had the honour of being Santa Claus at our Christmas Party and one of the clowns at initiation. His ambition — no one knows.

## JAKE BUHLER

Jake is another example of the old saying "Still waters run deep". He is always ready to offer suggestions to the problems in question. Jake has returned to school after several years absence. He is a welcome addition as a tenor to the school choir. His ambition — that is a secret but at present he is a printer.

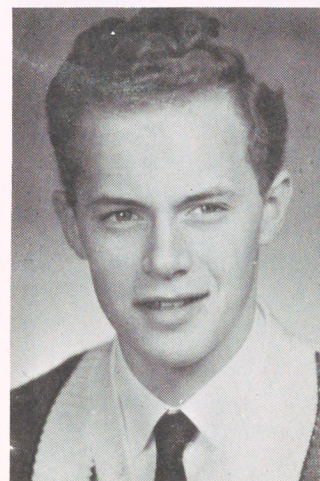

## JEAN DEBARR

Jean is a quiet and studious girl in school but we understand she is quite different out of school. Besides excelling in school work, this year Jean is an assistant editor for the yearbook. Her hobbies are reading and collecting records but she also finds enjoyment in keeping her classmates in suspense about her early morning hours!!

## FRANK GIESBRECHT

Frank is our classroom president. He has the honour of sitting at the back of an extra long classroom. It has its advantages for the teachers cannot translate his mumbling. He plays the portion of the guard on our basketball team. The teachers are won over by his disarming smile and curly hair. His ambition is to join the crusade against crime with the R.C.M.P.

#### **LOREEN GODKIN**

Each morning Loreen arrives from the country — sleepy perhaps but the important (is it?) thing that she is here. Loreen is a cheerful redhead who keeps popping in and out of the classroom. She is very active in curling. Other activities — well, anything and everything. We are informed her ambition is to be a nurse — even if it is the death of her.

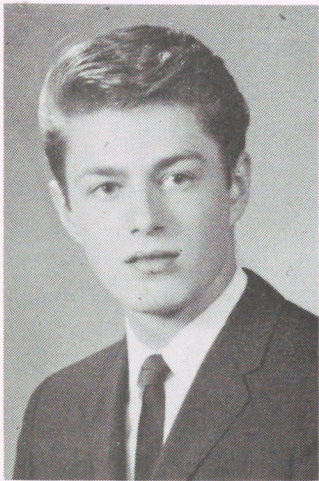

#### **SUSAN HAMM**

Susan's presence in the Grade XIIB room is always known by the continual chatter emitted from her corner. Susan was active in volleyball and most recently in the school drama "Pride and Prejudice". Out of school hours she works in a local cafe — profitable but tiring at times. Susan is undecided about her future plans.

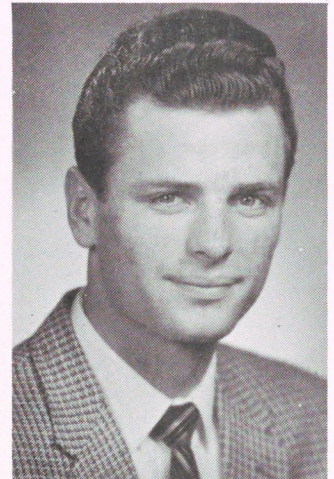

#### **RON HARDER**

Ron is a quiet fellow and those who know him say he has a pleasing personality. "Physics comes easier for me" he says "because I do it now". Even if his homework isn't always up to date he has good intentions of getting there. His interests include anything but school work. His distant future is not quite decided but his immediate aim is to get out of Grade XII.

#### **NORMAN HILDEBRAND**

Norman joined us after Christmas to finish his English course. The coming years may find him attending university or in the air as a pilot. His interests centre around flying lessons, violin lessons, baseball, hockey and farming. Norman's work is always done although he manages to make use of his spares other than in the classroom. We find him a wonderful aid in subjects other than English, especially Physics.

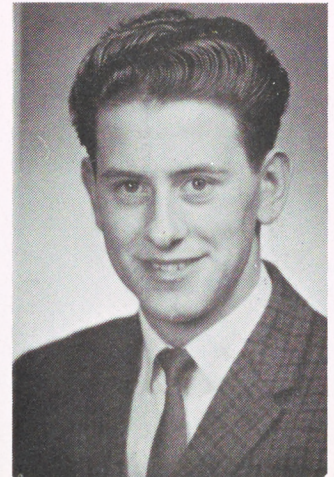

#### **BETTY HOEPPNER**

Betty has just joined us this year. She is a very friendly girl (I emphasize girl). Betty is always busy (or so she says) and never finds time for her homework. She is on the I.S.C.F. executive and was active in volleyball until she injured her finger (no particulars available on this incident). Betty's ambition is to be a teacher. Now that could be interesting!

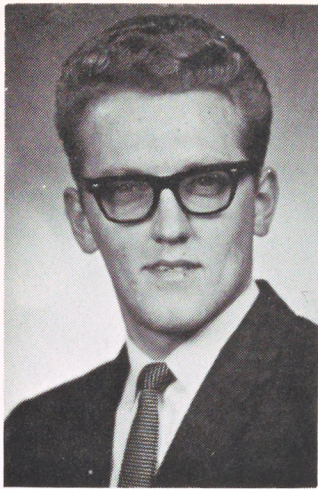

#### **CORNY HOEPPNER**

Corny is generally known as XIIB's "Playboy". Consequently, his main interests are hockey, intermural basketball, volleyball and GIRLS. He is also noted for his strong tenor voice and his perpetual smile. Niel's ambition is to become a teacher. Well . . . uh . . . ?!. His pastimes are driving his father's car (whenever he's trusted with it) and getting his classmates sent out of the classroom.

#### **ARTHUR KLASSEN**

Arthur hails from the farm every morning in his yellow Ford truck. Art has been out of school for a couple of years and has rejoined us this year with the purpose in mind of getting his Grade 12. In reality I think it was so he could have us straighten him out as to what party to vote for. His activities include school sports and I.S.C.F. He also plays the guitar as a pastime.

#### **HENRY KNAGGS**

It took Henry several weeks to decide to return to the hallowed halls. However, we are sure he does not regret his decision. Henry is very active in football and curling. His homework is always done — but by other teachers' methods. His ambition — to get nowhere fast.

#### **HERTHA LINK**

Tall, willowy and slim are all good adjectives to describe Hertha. She always seems to be in a good mood, especially when no homework is due. Some of her after-fours are spent working at the hospital and she is also kept occupied teaching 4-H. Her ambition — no one knows for sure.

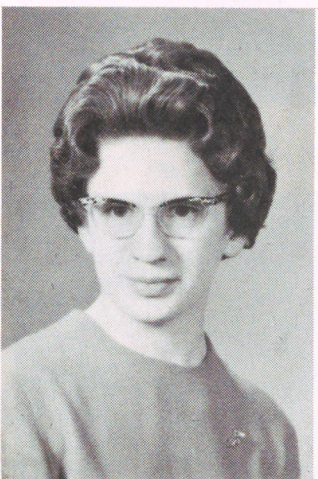

#### **PAUL LINK**

Paul is good-natured chap with a cheery smile and greeting to everyone he meets. Keeping his homework up to date seems to be quite a task for him, but he manages to do it. He is usually very quiet although he occupies the privileged back corner. He is a valuable player in both basketball and football. His ambition — to get through Grade XII safely.

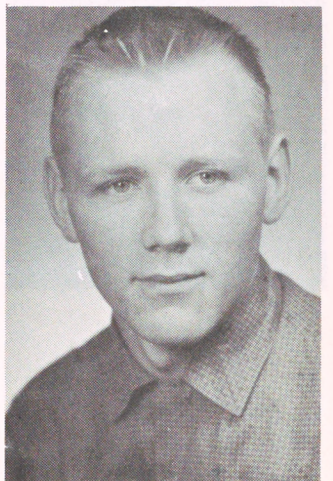

#### **MARGIE LOEWEN**

Margie sits at the front of the room — the better to see, of course! She finds schoolwork rather difficult, music, she says is much more interesting. Reading is also a welcomed activity. Her ambition is to excell at secretarial work.

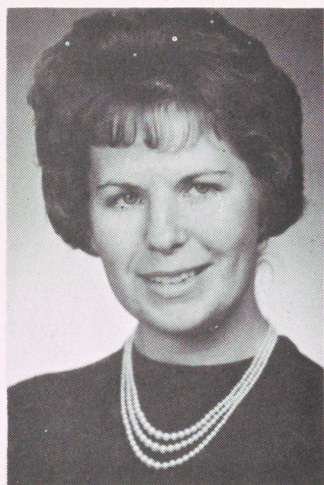

#### **PAT MARTENS**

Pat's strategic position near the window lets the rest of the class have an occasional breath of fresh air until a chorus of feminine voices order "Pat, close the window!" His hobbies range from those of extreme activity (hockey) to those of little activity (pool) and because of the scarcity of room a further list of his hobbies is not included. His future plans are to attend the University of Manitoba and become sufficiently educated to join the rackets.

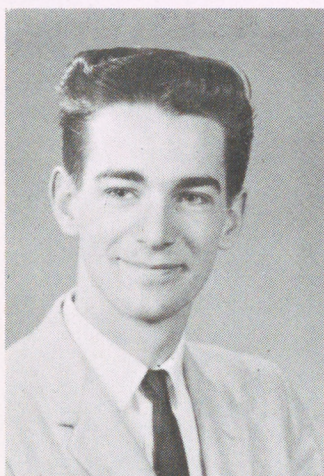

#### **HELEN PENNER**

This is Helen's first year at Morden. Helen isn't convinced that she likes school too well but she sure finds German a SNAP! Everybody is not so fortunate. She enjoys reading and playing volleyball. Helen is quiet as a mouse in school. However, a little bird informs us that this disappears as the distance from the school increases. Her future is in the field of nursing.

#### **HENRY PETERS**

Our class would not be complete without this good-natured gentleman who came back to school after several years absence. He enjoys singing and his rich tenor voice is an asset to our choir. He has spent some time in France with the R.C.A.F. He now plans to study theology.

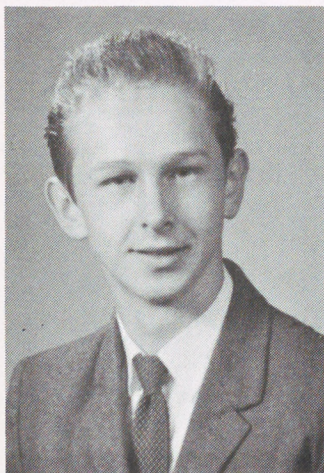

#### **HARRY PETKAU**

Harry is one of the more studious members of XIIB even though he sits near the back of an extra long row. His extra curricular activities include someone! Volleyball, reading and tinkering with cars and motors. He finds his German periods rather convenient in reducing his evening's homework. He is always ready with a wise crack to keep his corner in a roar. His future is undecided but his potential promises a bright future.

#### **JOY REICHERT**

Joy hails from Thornhill. As she will tell you a school van eliminates the problem of keeping the teachers company after four. Joy is always bright and bouncy no matter what happens. She is the Grade XIIB sports rep. Volleyball, social activities as well competing in public speaking take up her spare moments. Out of school 4-H is one of her main interests. Joy's ambition is to become a nurse.

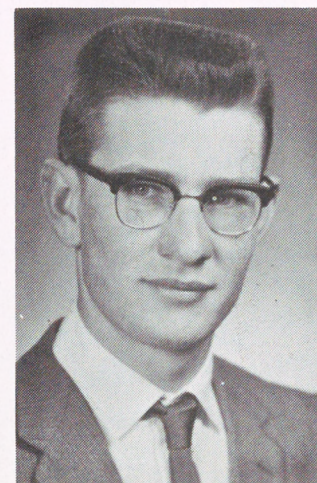

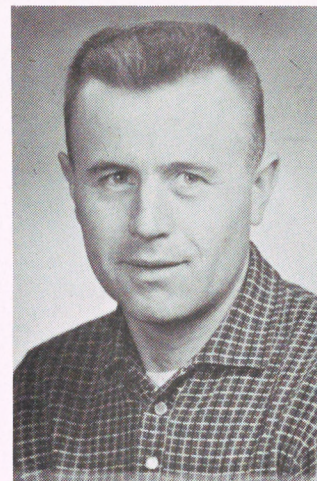

#### **DON SCHROEDER**

Don is the smallest chap in the room but this doesn't mean he is the quietest. He enjoys reading and is occasionally seen driving a '53 Ford. Though a fair student he seems to be too busy at times to get his homework done — particularly to the dismay of a certain teacher. His ambition — engineering.

#### **JAKE THIESSEN**

Jake is an out of town student but lives in Morden during the winter. He is quite reserved, probably because he sits near the teacher. He almost always has his assignments done although he believes there are more enjoyable things than homework. To him girls are the world's greatest mystery. He enjoys volleyball and plans to take a business course.

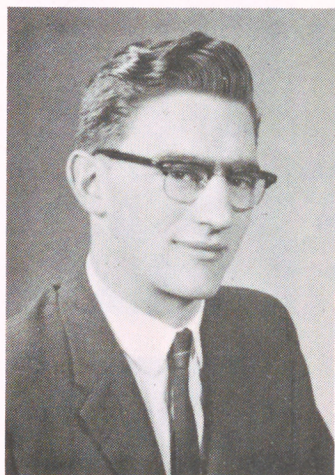

#### **DOROTHY THOMPSON**

Dorothy came to us from Winnipeg with her high marks. Every subject seems to appeal to her but Mathematics is her favourite. We often find her studying at the court house! Her hobbies are drama, music, public speaking, skating and curling. A favourite pastime seems to be writing letters to Winnipeg. Dorothy has a friendly personality which adds to the flame of cheerfulness in the crowd. She plans to attend university next year.

#### **LEONA TOEWS**

Leona is experiencing the honour of attending Morden Collegiate for the first time. She is the social rep for XIIB. In her spare time (???) she enjoys baking and sewing. Leona's outside life is rather secretive however we do know that she spends her time after four pacing the corridors of the local hospital. As you would expect her ambition is to become a "Lady of the Lamp".

#### **JOHN WARKENTIN**

John hails from out of town, but arrives promptly every morning in his green "binder". This gent sits right in front of the teacher which may account for his good behaviour — at times anyway. He particularly enjoys Physics??? Last summer his occupation was swatting mosquitoes in a lumber camp. His ambition is quite undecided as yet, but at present he claims it is to be a hobo.

#### **JIM WIEBE**

Jim has the honour of being one of the tallest persons in XIIB. Although being a good student, he still finds time to take pictures at the most inopportune times. You will always find Jim in the stands cheering the school to victory. His ambition is to enter the field of science in the University of Manitoba.

Too BUSY

Photo not available

#### **HARVEY WIEBE**

If he can make the one block to school, he spends most of the day reading. This is to relieve the boredom of his never ending supply of spares. Now and again he also finds a little time to squeeze in a school-hour chess game. Strangely enough he abhors school work. His ambition is to get a job before school is out.

#### **JOHN NEUFELD**

John is XII B's dark curly haired handsome but brazen lad. He has the dubious distinction of being the only person in the room with absolutely no ambition. Strangely enough he takes time out from reading and writing cheap paperbacks (of questionable educational value) to take such an active part in school politics as to hand in six votes for one valedictory nominee. His interests are (in descending order): girls, cars pool and books (!?). His inter room fame is for his sharp mind and tongue which obviously leads to a bad combination.

# PLAY

**ELIZABETH BENNET**

**LADY CATHERINE**

This year our high schooldrama group, under the very capable direction of Mr. Paul A. Sigurdson, presented the three act romantic comedy, *Pride & Prejudice*.

Written by Jane Austen and published as a novel in 1813 this play has retained its universal freshness and appeal. GradeXII English students remember the story of the silly Mrs. Bennet and her attempts to find a husband for each of her five daughters. Jean Lumgair portrayed Mrs. Bennet and Abe Born, her patient husband. Dorothy Thompson played Jane, Lynn Wessler, Elizabeth; Janice Loewen, Mary; Dorothy Brown, Kitty; and Edith Friesen, Lydia. Phil Wiebe played Mr. Darcy and Terry Titchkosky played Mr. Bingley. The pompous Mr. Collins was portrayed by Bernard Swan and the brazen Mr. Wickham by Pat Martens. Also appearing in the play were Pat Bergman, Mavis Schellenberg, Elaine Wall, Susan Hamm, and Georgina Dressler. To add to the interest of the play, costumes of that period were made by interested mothers and friends of the cast.

*Pride & Prejudice* was staged three nights, February 28, and March 1 and 2. There was a full house all three nights and everyone seemed to enjoy it immensely.

ISCF meetings are held every Friday noon in the 11C room. The members of the executive for this year are President, Phil Wiebe; Vice-president, Nick Hiebert; Secretary-treasurer, Caroll Hoepfner; Prayer Convenor, Dorothy Brown; Missions Convenor, Carol Voth; Publicity Agent, Betty Hoepfner. Social Convenor, Linda Mitchell; Grade IX Rep., Gladys Hildebrand; Grade X Rep., Raymond Peters.

Dr. Unruh, our sponsor, has given us helpful advice and guidance throughout the year for which we are grateful. Mr. Winter is our representative from the High School Staff.

Club prayer meetings are held every Tuesday morning before school at Carol Voth's home. This year's club meetings have been varied, featuring things such as group Bible studies, "Buzz" groups, special speakers, films, panel discussions and "Singspirations". The meetings have been well-attended with an average of 40-45 students coming every week. Since we have been having our meetings in the school there seems to be an increase in interest as well as attendance. Most important, through our studies of the Bible and Christianity we have gained spiritually. All in all this term has been the "best yet" for us.

## CHEMISTRY CLUB

The Chemistry Club is a new innovation in the school this year. It is the idea of Mr. Dennis Weizel, who is its guiding light. Its meetings are held on Monday evenings beginning at 6:45. None of their large scale projects, the hatching of eggs, for example, seem to have met with a great degree of success, but the experiments and problems conducted have been of great educational value and of great amusement value, as well, to those who have attended the meetings.

The executive committee of the club consisted of President, Phil Wiebe; Sec. treas., Jim Wiebe; Vice-President, David Putt.

On the evening of November 3, about fifty Grade 11 and 12 German students boarded a chartered bus to Winnipeg. Our destination was the Playhouse Theatre to see the romantic German operetta, "The Land of Smiles", written by Loehnes and Herzer, starring Susan Kroeker-Weiser as "Lisa". The ballet and Oriental scenery were especially interesting. After the operetta we went to the "Happy Vineyard", a part of the Ellice Inn decorated to look like a wine garden in Germany at night. Here we had a delicious supper and sang some folk-songs. Then a tired but happy group got on the bus for home. We enjoyed the evening and wish to thank Mr. Krieger and chaperones for making the trip possible.

# NITIATION

"Do I have to?" was the plea of many of us unfortunate grade nine and ten students on Friday September 28, the day of initiation. We were assigned to our seniors and given a list of the things we were expected to wear. Everyone was eagerly awaiting the arrival of initiation, and when the hectic day finally did arrive, the school was bustling with excitement. Every type of costume from a baby in diapers, to an old farmer with a pitchfork, could be seen strutting down main street before the actual initiating events occurred. After the long parade, when many of us felt like retiring, we had to fulfill the numerous tasks our seniors had prepared for us. Freshies could be spotted either strenuously washing cars, sweeping sidewalks with a tooth brush plus other numerous exhausting tasks. After that all returned to school for a mock court. A number of freshies were compelled to perform some ridiculous stunt, before an audience. During this time a freshie king and queen were chosen. The King was Pete Gerbrandt and the Queen, Deane Simpson. We were pleasantly surprised to find a lunch awaiting us after which we were freed from the bondage to our seniors, and thus ended Initiation for another year.

## TEEN CANTEEN

The high-light of our Saturday night social activities is our Teen Canteen which is held almost every Saturday night in the Legion Hall. It is comprised mainly of students of grades eight to twelve. We dance to popular records and have a good attendance. Each week parents of those attending are asked to chaperone the activities. The 1933 executive was elected in January. It consists of President, Doug Cram; Vice-president, Clinton Pentland; Treasurer, Pat Reeve; Secretary, Deane Simpson. This is the fifth successful year the Canteen has been in operation.

The executive would like to extend their sincere thanks to all the kind parents who so willingly gave of their time to chaperone at Canteen and we would also like to thank the Morden Branch of the Canadian Legion for so kindly donating the hall for use each week. We too, are grateful to George Brock who donated the record player. We hope to have another successful year and would encourage more to attend.

# MAGAZINE DRIVE

The 1963 magazine drive took place in the month of November. Over a period of ten days, young people from Grades 9-12 from the Morden Collegiate were running helter-skelter throughout the town, in an effort to display their powers of salesmanship.

The drive was quite a success, netting a total of \$1878.88 of which \$648.38 was profit. This was placed in Student Council funds.

Bracelets were awarded to salesmen who achieved the success of selling \$10.00 worth of magazines, sweaters were awarded for \$30.00 salesmen, three pyjama-bag dogs for \$50.00 salesmen and to our high salesman, Pat Martens, a cheque for 10% of his sales. Instead, Pat chose to receive the \$80.00 sales prize, a large French poodle. Congratulations Pat! and a big thanks to all those who supported our school by buying magazine subscriptions.

## PARTIES

**SEPTEMBER** — A Freshie Dance was held in the school auditorium after the initiation ceremonies. It was our first dance of the term, and all who attended thought it was a great success.

**OCTOBER** — At our Hallowe'en Party our newly formed cheerleaders appeared to welcome the basketball players as they were introduced to the students.

**DECEMBER** — Santa Claus (Gus Bollenbach) was the special guest at our Christmas Party. The usual tradition of sitting on Santa's knee and telling him what you wanted for Christmas was observed.

**JANUARY** — To celebrate the coming of a New Year, the High School held a skating party at the Morden Arena. The usual bumps and bruises were present, and everyone had a wonderful time.

**FEBRUARY** — A "Spiel" dance was held in the auditorium after the Morden Collegiate Open Bonspiel. Entertainment was provided by Mr. Cooper who honored us with a few numbers on the piano.

## MORDEN ON RADIO

In January, a team of CBC members came to our school to tape a quiz program between four students from Morden and four from the neighbouring town of Carman. The quiz was on questions of general knowledge and took place before the assembled high-school. Pat Bergman, Phil Wiebe, Abe Born and David Putt represented Morden. Before the quiz took place the audience and panel were warmed up by the announcer from CBC, Bill Guest, who went among the audience and asked them various amusing questions. After the warm-up the panel took their places. Morden put up a big fight, but lost to the Carman team. Although we were defeated, Morden had amassed the greatest number of points against a winner up to that date. Incidentally, the Carman team went on to win the Manitoba Championship and faced the team from Alberta later on.

In February the Morden Collegiate again played host to the CBC. The program was opened with the Morden Cheer followed by a speech by Abe Born on Collegiate Sports activities. The two high-school choirs and a special choir gave selections. Lynn Wessler gave a report on the play, Joy Reichert on social activities in the school, and David Putt gave a brief account on the history of the school. Carol Andrew played a selection on the piano. The audience was then thrilled with an "eloquent" speech by Mr. Cooper and the program was closed with another cheer. I would like to thank all those students who participated in the broadcast and also the CBC who made it possible.

## BASKETBALL

In the basketball league this year, our two teams did quite well. The league is composed of two divisions, the east division containing Lowe Farm, Morris, Emerson, and Altona, and the west division containing Morden, Winkler, Carman, and Miami. The scores in the individual games we played were as follows:

### For the Girls' Games —

Morden vs. Winkler, 23-11 for Winkler.  
Morden vs. Miami, 20-18 for Miami.  
Morden vs. Carman, 22-15 for Carman.  
Morden vs. Winkler, 23-5 for Winkler.  
Morden vs. Miami, 21-13 for Morden.  
Morden vs. Carman, 22-14 for Carman.  
Morden vs. Lowe Farm, 17-8 for Lowe Farm.  
Morden vs. Morris, 31-21 for Morris.  
Morden vs. Emerson, 25-6 for Morden.  
Morden vs. Altona, 34-24 for Morden.

It was that last game that the girls were really proud of. They played their best game of the season that night, and they earned that victory.

## INTERMURALS

### VOLLEYBALL

Every noon hour before Christmas the auditorium was filled with the excitement of an inter-mural volleyball game. There were ten teams divided into two divisions.

The playoffs were won by the team captained by Carol Dyck.

### GIRLS BASKETBALL

This year the girls also found enough interested persons to form a league. They had five teams and again the top four made the playoffs. These teams were led by Jo-Ann Spangelo, Bernice Dyck, Carol Dyck and Gladys Strauss.

The playoffs were won by Bernice Dyck.

Front row (l-r): Jo-Ann Spangelo, Ronee Morden, Margaret Larsen, Bernice Dyck, Dale Southworth.

Back Row (l-r): Jean Lumgair, Gladys Strauss, Carol Dyck, Janet Vogt, Carol Dyck.

# MORDEN

The girls came out in third place in their league. The playoffs in the girls' basketball were between Carman and Winkler. The Winkler girls won this one too.

As far as individual scoring statistics go, we start again with the ladies: Bernice Dyck, 52 points; Carol Dyck 44; Jean Lumgair 27; Gladys Strauss 25; Ronee Morden 23; and Jo-Ann Spangelo with a single. Apparently the other girls were scoreless.

## For the boys —

Morden vs. Winkler, 44-37 for Winkler.  
 Morden vs. Miami, 38-20 for Morden.  
 Morden vs. Carman, 90-31 for Morden.  
 Morden vs. Winkler, 44-21 for Winkler.  
 Morden vs. Miami, 67-31 for Morden.  
 Morden vs. Carman, 52-41 for Morden.  
 Morden vs. Lowe Farm, 66-25 for Lowe Farm.  
 Morden vs. Morris, 57-50 for Morden.  
 Morden vs. Emerson, 43-28 for Morden.  
 Morden vs. Altona, 61-47 for Altona.

The boys were in second place at the end of the season, and went into a two game point series with Winkler for the trophy. We lost the first game 48-38, and won the second game 28-26. In other words we lost the trophy by eight points.

The boys' record is a little more impressive, though it looks rather streaky. One night they can do anything and the next night nothing. However, we thought they did well.

Taking top spot in the boys' individual scoring race was James Giesbrecht with 239 points. Walter Friesen then came up with 126 points, followed by Sam Andrew with 52, Gordon Dyck 45, Bob Gillis 12, Terry Lumb 7, Albert Law 4, Herman Hiebert 3, and Paul Link and Allen Klatt each scoring singles.

We haven't the space to tell you of all the amusing and interesting incidents in the year, like the time when Diesel Dyck couldn't play in an away-from-home game because he had forgotten to bring his uniform pants with him, but it was a highly entertaining and rewarding season for all of us in the school.

## INTERMURAL

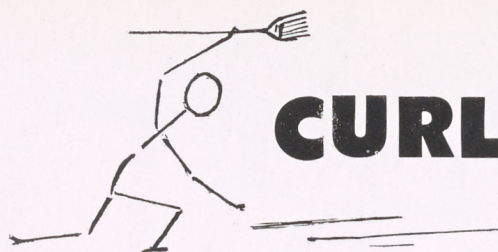

### BOYS BASKETBALL

After Christmas Basketball took over as the intermural sport. There were six teams with the top four making the playoffs. These 4 spots were captured by James Giesbrecht, Gordon Dyck, Nick Hiebert, and Bob Gillis.

Front Row (l-r): Frank Giesbrecht, Robert Gillis, Sam Andrew, Allen Klatt, Terry Lumb.

Back Row (l-r): Gordon Dyck, Walter Friesen, James Giesbrecht, Ab Law, Paul Link, Herman Hiebert.

# CURLING

Front row (l-r): Gordon Dyck, Cheryl Spangelo.  
Back row (l-r): Don Minty, Dick Hartry.

(Left to right): Jim McIntosh, Don Minty, Sam Andrew, Diané Pearce.

1962-63 proved to be a long and successful curling season. There were one hundred students constituting 25 rinks. Due to the large number of rinks they were divided into two divisions. The top 16 rinks made the playoffs. In the playoffs Bernhard Swan and his rink emerged victorious defeating Bob Gillis.

## BONSPIEL

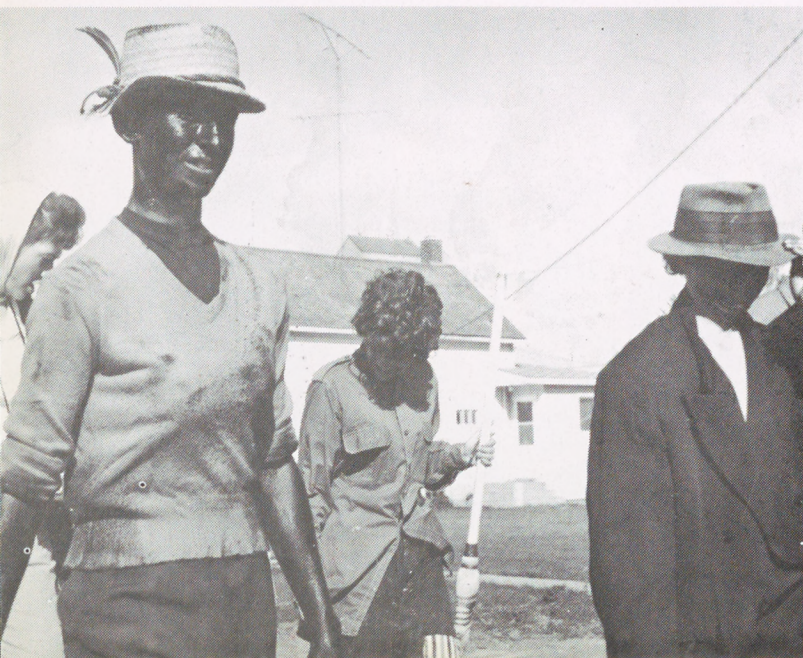

The first bonspiel we held was open to our local students thus allowing the Junior High students to participate as well. There was a lot of good curling and a lot of fun for everyone. In the first event, Don Minty defeated Jim Cram, ending Jim's two year reign as champ. The second event was won by Don Hamm.

The Invitational Bonspiel was held about a month later. Due to the lack of outside entries we had many local rinks. The Rucksaidler rink from Morris won the first event and walked away with the trophy. The second event was won by the Gray rink from Graysville.

## CANDIDS

# FOOTBALL

Front Row (l-r): James Rothenburger, James McIntosh, Doug Cram, Nick Hiebert, Raymond Peters, Allen Klatt.

Middle row. (l-r): Bruce Wilcocks, Jim Cram, Don Minty, Sam Andrew, Harbld Bollenbach, Robert Gillis.

Back Row (l-r): Gordon Dyck, Gerry Reimer, Floyd Evenson, James Giesbrecht, Don Hamm, Henry Knaggs.

*Thompson*

The first sports this year were football and volleyball. These teams travelled together and played their games at the same time. The football team was under the coaching of Mr. David Winter, and the girls were under the coaching of Miss Mary Hanuschuk.

The first football game was held in Manitou against their new team. Manitou had not been in the league before, and was coming in on a trial basis so their games were all exhibition games. We won the first game 13-12. A week later we were playing Altona in Altona, and we beat them 24-18. We then proceeded to Winkler, and for some reason we let them beat us for the first time in four years. The score was 27-19. The next game was against Plum Coulee, and we lost that one too, by a score of 1-0. We then proceeded to play Altona again, and clobbered them 27-7. The next game was against Winkler, and we beat them this time with a score of 32-27. The last game with Manitou was washed out on account of bad weather. We played Plum Coulee again, defeating them by a score of 12-1.

The final part of the season was a two game total point playoff between Morden and Plum Coulee. The first game, played on a nasty windy day here in Morden, ended in a 19-19 tie. The final game went in favour of Plum Coulee, 19-12. So our Football team wound up in a second place again.

## GIRLS VOLLEYBALL

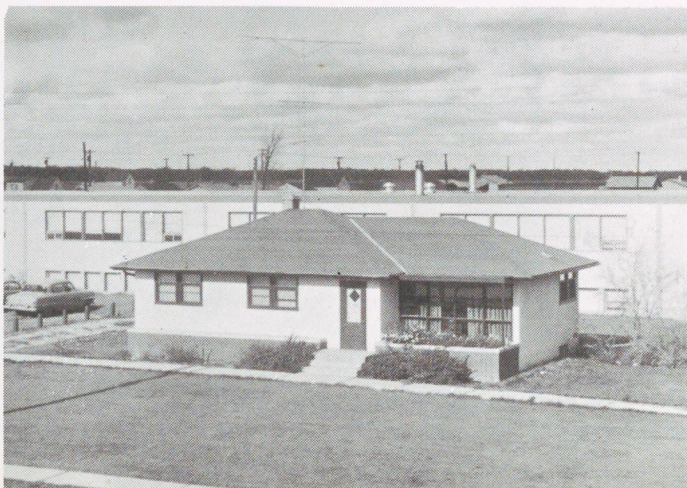

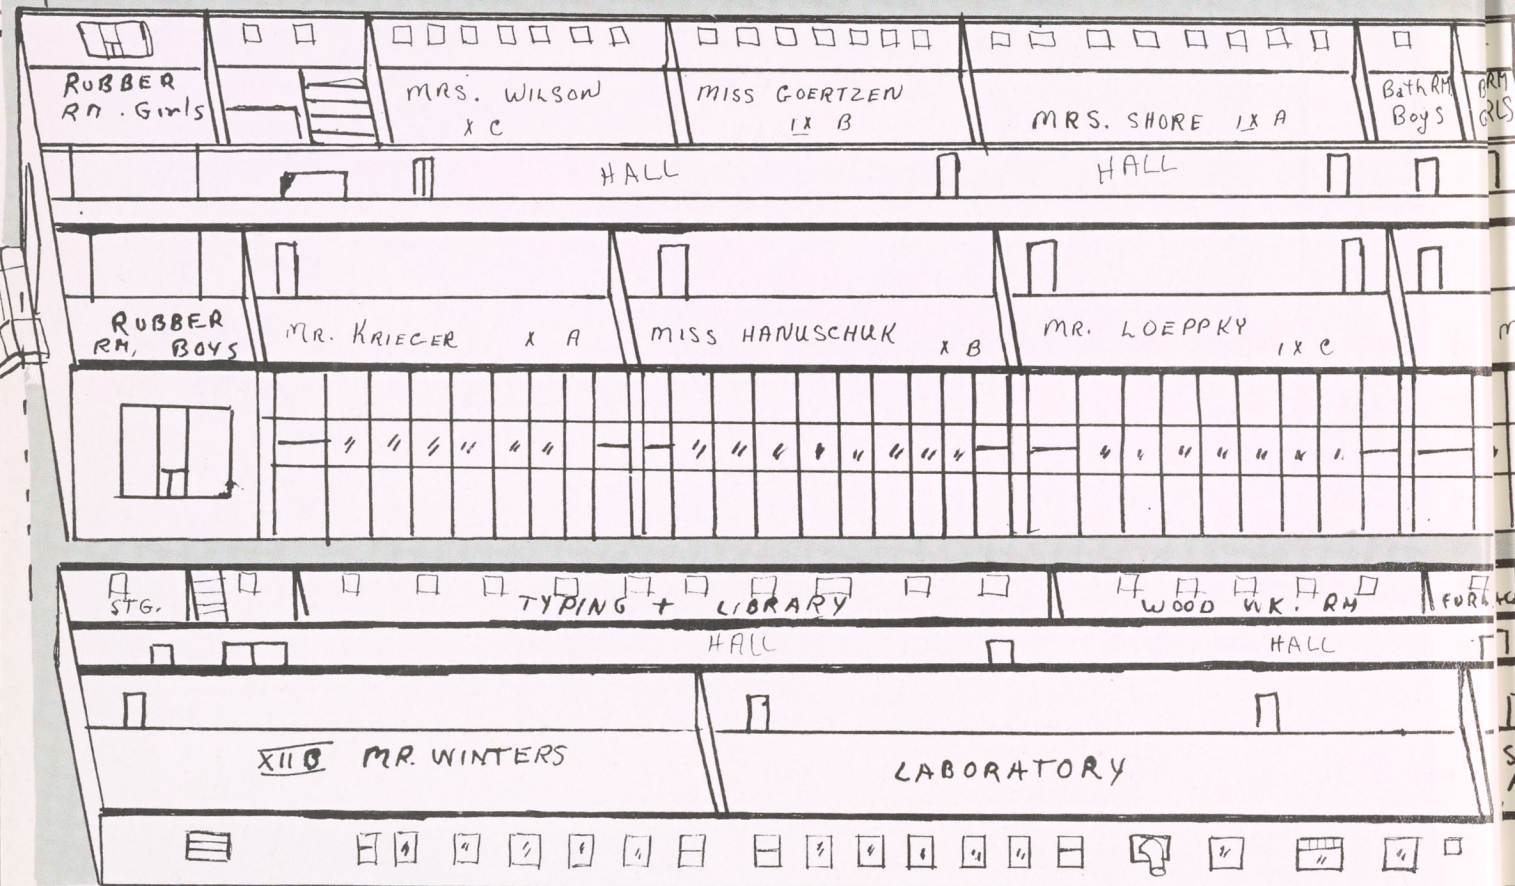

The girls volleyball team was more successful this year than they were in their first year. They ended up in a second place tie. Perhaps next year they will win the championship.

Front Row (l-r): Eileen Handford, Mary Friesen, Janet Reimer.

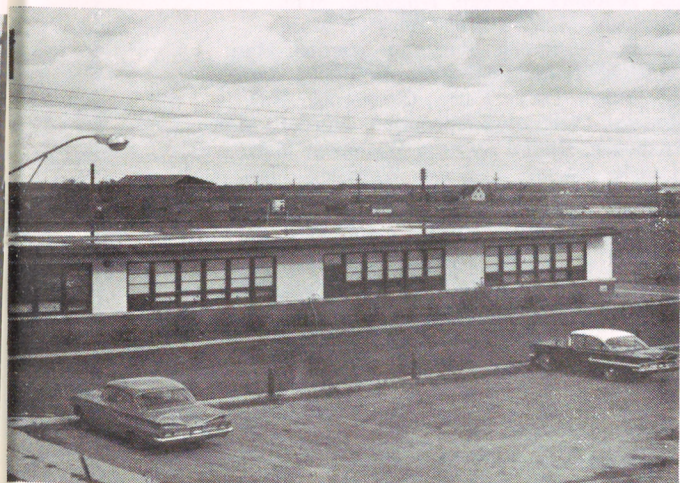

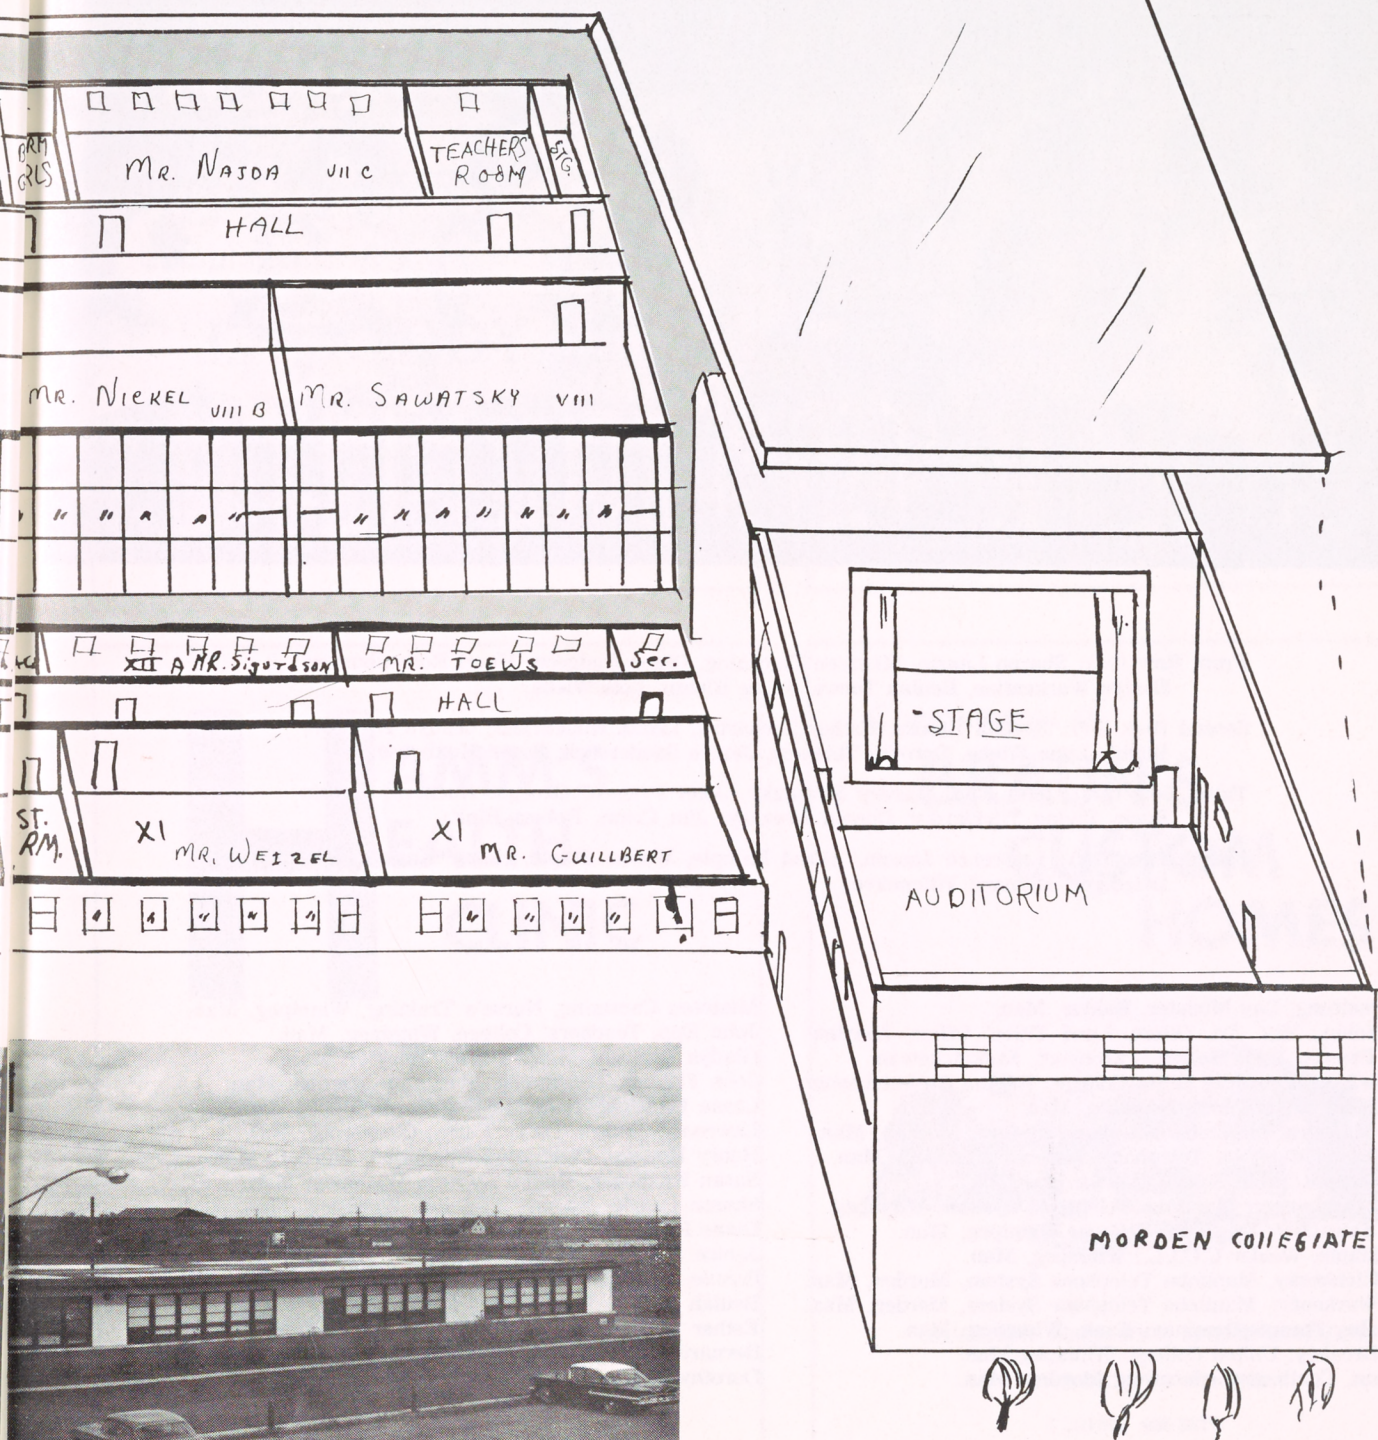

Back Row (l-r): Carol Dyck, Gladys Strauss, Carol Dyck, Bernice Dyck.
